(Course title:	Psychobiology	
	Course number:	PSYC 2600-001	
	Course discipline:	Psychology	
	Course description:	This course provides a basic introduction to psychobiology. It uses a textbook designed for college sophomores. Students take practice quizzes on each of the 20 chapters. Grades are based on 7 exams of approximately 18-30 questions each, as well as "Hear & Spell" tests for each chapter. Students are

	the test bank so you will get a different quiz each time.
	The quizzes are machine-scored so spelling errors are counted as wrong answers. Also, there may be an alternative correct answer that is not listed. Do not panic if the computer scores an answer on a quiz wrong when it is really correct. Students are expected to answer the questions on the quizzes.
	Please let me know if you feel a question needs fixing because it is unclear, there is another alternative answer, or the question is just plain wrong—errors do sometimes occur.
Exams	
; 	The exam schedule is in the Calendar. [24] Avan will have 20-22 questions. Evans are taken in University Hall Been 5000 (due date & time
