<u>Course Policies</u>					
\	Absenteeism This is a summer class and a distance learning class, which means that the structure and timing are unconventional. Content will be released a week at a time and students are responsible for accessing and consuming a large amount of content in a short period of time in preparation for an exam that same week. If you have an illness or other

Course Materials

As indicated above, you will take 6 exams throughout the semester corresponding to each week of the term. When it comes to material for each of the 6 weeks/sections (e.g., lectures, articles), I will release each set of materials one week at a time just like the exams (see above). This is to allow you to pace yourself throughout the course and permit you to create habits of consuming the material and demonstrating your knowledge.
