

Fundamentals of Bioinformatics & Proteomics/Genomics

The University of Toledo

Course Website

BR7R66Attac23g52.6 (y25.5 ((7Ra)-B (b)nt.5.8 (y)@u Toledo) d (i-2.5 (o)i-54.3 (

Office Hours by arrangement

Office Location CCE 3105F

Instructor Phone 4193834347

Offered Fall 202

Class Location: Online lectures

Class Day/Time Online lectures

Lab Location 127 HEB

Lab Day/Time TBA

Credit Hours 3cr

SPECIAL COURSE EXPECTATIONS DURING COVID

Maintaining a safe campus during the ongoing COVID pandemic remains a top priority. UToledo continues to follow the guidance of the U.S. Centers for Disease Control and Prevention and Ohio Department of Health to keep our campus safe.

The University of Toledo has a missed class policy. It is important that students and instructor attendance requirements for the course. Before coming to campus each day, students should take their temperature and complete assessment for symptoms of COVID such as cough, fatigue or shortness of breath. Anyone with a temperature above 100.0 degrees Fahrenheit or who is experiencing symptoms consistent with COVID should not come to campus and contact their primary care physician at the University Health Center at 419.530.5549. For more information on the symptoms of COVID-

L6 Assess evidence linking specific genotypes to given human diseases.

L7. Communicate bioinformatic information in an accurate and comprehensible manner.

communicate confidentially about implementing accommodations in this course. For students who have not established affiliation with Student Disability Services and are experiencing disability access barriers or are interested in a referral to healthcare resources for a potential disability or would like information regarding eligibility for academic accommodations, please contact the [Student Disability Services Office](http://www.utoledo.edu/offices/studentdisabilityservices/) (<http://www.utoledo.edu/offices/studentdisabilityservices/>) by calling 419.530.4981 or sending an email to StudentDisability@utoledo.edu
